To whom it may concern

Subject: Performance Letter for TSI order no. PO 248666

We wish to Certify that we had placed an order against Technical Solutions to Industry (TSI)- UAE on 15th of September 2011 , for the supply of 46 x low voltage panels to one of our projects in Iraq.

The 46 low voltage panels consisted of 1600A Genet Panels , 1200A LV Panels , 2 Automatic Transfer Switch Panels and a large number of 200 Amp Panels – all rated at 400/230 Volts.

The panels were supplied inline to our purchase order and the aftermarket sales for the vendor have been satisfactory in all levels.

Very truly yours,

GAFFNEY-KROESE SUPPLY CORP
