To whom it may concern

**Subject: Performance Letter for our order no. 263196**

We wish to Certify that we had placed an order mentioned in the above subject to Technical Solutions to Industry (TSI)- UAE on 21<sup>st</sup> of November 2011 , for the supply of 15 x low voltage panels to one of our projects in Iraq.

The 15 low voltage distribution boards were rated at 200 Amps Panels – at 400/230 Volts.

The number and the ratings of the outgoing breakers per panel were provided in line to our order and the aftermarket sales for the vendor have been satisfactory in all levels.

Very truly yours,

**GAFFNEY-KROESE SUPPLY CORP**
